

September 28<sup>th</sup> 2017

To whom it may concern,

Skyview on Yonge (MTCC 680) retained PL Energy Services to conduct an Energy Audit & secure rebates on upcoming projects.

As the board proceeded with replacing 464 fan coils, PL worked diligently to maximize the available rebates for the project. The final project rebate came out to **\$42,530.40!**

(left to right, Bes Kondi - Property Manager, Paul Goldstein – President, Lee Masucci – Toronto Hydro, Adam Firchuk – PL Energy)

We are pleased with the expertise, professionalism and straightforward answers provided by PL Energy Services and would recommend PL Energy Services to anyone looking to reduce energy consumption, maintenance costs, and secure rebates.

Yours truly,

**Bes Kondi**  
Property Manager  
Agent for and on behalf of: M.T.C.C. #680  
Skyview on Yonge
